Spring 1947 Catalog

Yours for Growing Satisfaction

A Million Healthy Trees and Plants From Our Own 400 Acre Nursery!

"I personally guarantee every tree and plant in this catalogue to be as described and I believe that Neosho Nurseries, this year, is offering the greatest values we have ever presented."

A. E. Weston

NEOSHO GUARANTEE

1. **True to name** stock is our unqualified guarantee. We will replace without charge, or refund purchase price if any proves otherwise.
2. "Yours for Growing Satisfaction" is our slogan. Hence we **guarantee highest quality** and arrival in good condition. Examine shipment carefully on arrival. Any complaints made within **ten days** will be cheerfully adjusted to your satisfaction. We will either refund purchase price or replace stock, as you prefer.
3. Despite every precaution in shipping, handling and planting, there are occasional losses, even with the best of stock, over which none of us have any control. Hence we offer to help you by sharing your loss. We will replace at one-half price any stock that fails to grow, if you will **report by July 1st**, following planting. Accompany your report with remittance figured at one-half price.

These Rows 1/4 Mile Long—100,000 Peach Trees in This Block

When you order from Neosho Nurseries Company you are getting your trees and plants direct from the grower—like buying goods direct from the factory. The 400 acres of Missouri's most fertile land which we own and cultivate is especially suited for producing strong, healthy, vigorous root systems. Neosho Nurseries is one of the largest growers of nursery stock in the United States. The following figures indicate our extensive operations:

100,000 Peach	250,000 Berries	250,000 Shrubs
20,000 Cherries	10,000 Pear and Plum	10,000 Shade Trees
60,000 Apples	100,000 Grapes	100,000 Evergreens

OWNED BY EMPLOYEES

Neosho Nurseries is owned by the men who operate it—President A. E. Weston and every department head is directly interested in satisfying our customers and making new friends for Neosho Nurseries.

New and Improved Varieties. Neosho Nurseries offers for your selection the widest assortment of new and improved varieties, with thousands of specimens of each item.

Trial Grounds and Test Orchards. Every new variety is thoroughly tested before offering them to our customers to find if they are suitable to soil and climatic conditions and how hardy, productive and resistant to disease.

Vitality and Vigorous Condition is assured by transporting all trees and plants from field to storage in specially constructed covered, air-tight trucks. We guarantee highest quality and arrival in good condition, will even make generous allowance for stock that fails to grow. (**See Our Amazing Guarantee!**)

TERMS

All orders are f. o. b. Neosho unless otherwise specified in catalog. 10% deposit with order, balance when you are ready for shipment. Orders less than \$10.00 must be accompanied by full cash with order. We prefer to ship by Express as they insure satisfactory service. You pay only actual transportation on arrival.

Please do not specify Parcel Post unless you have no near-by Express Station. If necessary to specify Parcel Post shipment, add 10% to your remittance to cover postage. On orders under \$5.00 add 15%. Missouri customers please add 2% to cover Missouri Sales Tax.

SHORTAGES

"Your Satisfaction is Ours!" These days when demand exceeds supply, we occasionally find ourselves sold out of the size ordered by customers. In such case, we give the next size available in the same variety and give additional items to more than offset price. Any time it is necessary to change variety, customer is advised and complimentary stock is added, as our apology.

BLACKBERRIES

Spring Shipment only

EARLY HARVEST Ripens early, with glossy jet-black berries of medium size and excellent quality. Heavy bearer and very hardy. Prolongs picking season.

10 for	\$1.50	50 for	\$5.50
25 for	2.95	100 for	9.75

ELDORADO. The hardest Blackberry. Thrives on poor soil better than other varieties. Large, firm, sweet-flavored berries, almost coreless. Ripens over a long period. A heavy regular bearer.

10 for	\$1.50	50 for	\$5.50
25 for	2.95	100 for	9.75

MacDONALD HYBRID BLACKBERRY. Very early. A Blackberry-Dewberry hybrid. It is large, oblong, very good quality; drought resistant, vigorous grower. Plant in rows 8 to 10 ft apart. The vines trail on the ground the first season like Dewberry, but grow upright the next year. We will include with each 25 MacDonald plants 5 plants FREE of Early Harvest for cross pollination. Plant every 4th or 5th plant for heavy fruiting. Our supply on these is quite limited, and in case we are sold out when we receive your order we will furnish Early Harvest in its place.

25 for \$3.50	50 for \$6.95	100 for \$10.95

STRAWBERRIES

Spring Shipment Only

STREAMLINER

Everbearing Strawberry

Without question the outstanding everbearing Strawberry. Very large berries of rich red color and the finest flavor and quality of any Strawberry. Starts bearing 60 to 90 days after planting and you will have berries right up to heavy frosts. It is a heavy bearer and is self pollenizing. We recommend this berry anywhere—it has everything, large size, excellent flavor, good color, and is a heavy bearer. Be sure and plant some Streamliner—the best there is.

25 for\$1.95	100 for	..\$ 5.95	500 for	..\$21.95

25 for 3.50	100 for 11.95

VAN FLEET

Red Raspberry Spring Shipment Only

The Red Raspberry of all Red Raspberries for Middle West and South, as it will produce heavy crops even in hot, dry locations. A thrifty grower and practically free from plant disease. Makes big, heavy canes which stand upright without support, and which produce its light red berries in enormous quantities. Ripens later than any other Red Raspberry. Even though you've tried growing Red Raspberries without success, you can grow these. Be sure and try some of these. The best Red Raspberry there is for this and southern sections.

10 for\$1.75	50 for\$ 6.95
25 for 3.50	100 for 11.95

BLAKEMORE. Extra early, bright red berry. Highly flavored and a tremendous yield; self-pollenizing. A heavy plant maker. Easy to develop a full, wide row the first season. Fine for quick freezing storage.

RASPBERRIES

For Spring Shipment Only

CUMBERLAND. (Black.) Midseason. The most widely planted Black Raspberry because of its productiveness and quality. Berries are extra large, fine and sweet. 1 yr.

10 for	\$1.50	50 for	\$5.50
25 for	2.95	100 for	9.95

INDIAN SUMMER, Everbearing Red Raspberry. Introduced by New York Experiment Station, it is proving more satisfactory each year as it fruits over wider areas. Many are planting Indian Summer as a one-crop variety, because of its vigor and large size, fine flavored berries, ripening before Chief. Berries are much larger than other everbearing types and of excellent quality. The summer crop ripens very early; the autumn crop from September until frost.

6 for	\$1.25	50 for	\$ 6.95
25 for	3.95	100 for	12.95

LATHAM. The Famous Late Red Raspberry. This is a superior variety which does well in all sections of the country. It is adaptable to all sorts of soil conditions, climates and sections. Cold weather has no effect on Latham as it originated in Minnesota. A great shipping and canning berry because of its wonderful keeping qualities. Produces fruit of large size, fine color and good flavor.

10 for	\$1.75	50 for	\$ 6.50
25 for	3.50	100 for	11.95

MORRISON BLACK RASPBERRY. New Giant Black Raspberry. This new berry is drought resistant and ripens a little later than Cumberland. Berries of immense size, very sweet and juicy. Plants are healthy, vigorous growers.

10 for	\$1.75	50 for	\$ 6.50
25 for	3.50	100 for	11.95

OUR PRICES LOWER THAN LAST YEAR

Our average fruit prices are lower than last year. Out of 204 prices on fruit 161 are the same, 12 are slightly higher, and 21 are lower.

Hale-Haven

NEOSHO PEACHES

BIGGER and BETTER

New and improved varieties of Peaches have been the biggest forward step in the nursery business. **Improved quality** and appearance means ready sale at higher prices. **Improved hardiness** means heavy crops year after year. Plant Neosho trees for greater profits. There is always a heavy demand for our improved varieties, so please send in your orders early. We do not like to disappoint any of our customers.

BELLE OF GEORGIA. (White Freestone.) An unusually handsome large Peach. Creamy white blushed with red; good quality. A favorite with commercial growers. Very hardy, vigorous and productive. Ripens August 1st.

HALE-HAVEN. A magnificent cross between the wonderful quality of J. H. Hale and the hardiness of South Haven. Originated at Michigan Experiment Station. A most **desirable commercial variety**, steadily gaining favor because of wonderful size, color and shipping qualities, hardiness of bud and vigor of tree. A profit-making variety you cannot afford to overlook.

ORDER NOW

Avoid disappointment. Supply of many items is still limited. Demand will exceed supply.

ORDER NOW

REDHAVEN. A smooth-skinned almost fuzzless early yellow freestone Peach completely encompassed with brilliant red. Ripens uniformly early in July. Tree is vigorous and bears so heavily fruit should be thinned to increase size.

ALTON. This Peach in our own orchard has proven one of the hardiest, most profitable of the Belle of Georgia type, ripening about half way between Red Bird and Elberta. It is a semi-cling, white Peach with a beautiful red blush. **You'll have a crop of Altons whenever seedlings bear.** Ripens about July 15th. The tree is strong, stocky, good grower, well branched, and it is an extremely good, regular bearer. All in all, the Alton is a money-maker for the farm or home.

CHAMPION. (White Freestone.) Midseason. An exceptionally high quality, attractive, hardy white Peach. It has a peculiar honeyed sweetness; ideal for home use and local markets. Ripens August 1st.

Neosho Hale

Alton

Kansas City, Mo.,

Neosho Nurseries Co.,
Neosho, Mo.

Gentlemen: I have a farm in Cedar County, Missouri, near Jericho Springs. On it I have fruit trees from three well known nurseries of this state. But out of the three, your trees are just so far ahead of them all that even the ones I planted last year from your nurseries are now ahead of the ones that I set out two years before from some other nurseries. Never again will I try the others.

You should see the grapes I got from you two years ago. They are the talk of all the neighbors.

Yours truly,
JOHN L. MASTERS.

Neosho Nurseries Co.,
Neosho, Mo.

Gentlemen: I wish to thank you for the good service given me on my order of fruit trees. These trees came in by express and were in good shape. They were exceptionally well packed. I am also well satisfied with the good quality of these trees. Hoping that I may again be able to place orders with you in the future, I remain,

Yours truly,
C. G. HANNAH.

Early Elberta

Belle of
Georgia

NEOSHO HALE. (Yellow Freestone.) Very large in size; beautiful yellow overlaid with red, and has a firm, fine-grained yellow flesh of good quality. It colors up a week before maturity. Ripens 3 to 7 days ahead of Elberta. Very firm, solid meated. Stands long shipment. Brings highest prices on every market.

GOLDEN JUBILEE. A beautiful yellow freestone Peach ripening 25 days ahead of Elberta. Good size and quality. Originated by New Jersey Experiment Station. **One of the best shippers** of the early Peaches. Tree vigorous, blooms later and is harder than most other varieties. Why not try a few Golden Jubilee trees this year . . . raise these hardy, yellow freestone Peaches that ripen 25 days ahead of Elberta.

NEOSHO EARLY ELBERTA. Our own special strain of Early Elberta that we have fruited for years. Ripens 5 days ahead of Elberta. A smooth skinned Peach, yellow background with crimson blush.

NEOSHO ELBERTA. (Yellow Freestone.) Midseason. The most widely planted commercial Peach. Very large, golden yellow. Tree is very productive, yielding large quantities of uniform, highly colored fruit. Ripens August 10th.

Golden Jubilee

RED GAGE ELBERTA. A wonderful improved bud sport of the Elberta Peach which we recommend most highly. Ripens 2 to 3 days after Elberta. Is of wonderful size and improved color. Most outstanding feature of this Peach is its **resistance to disease** and hardiness in bud; crops every season.

See following page for additional Peach varieties.

JUNE BUD PEACH TREES

Though our supply is quite limited, we offer at attractive prices the following June Bud Peach Trees to commercial growers. Get your order in early as our supply will not last throughout the season.

2-3 ft.50	.45	42.50

FAIR'S BEAUTY

Hardiness, great beauty, high quality, recommend this Peach for all sections. Unrivaled as an early canning variety. An early Peach following Golden Jubilee 3 to 5 days. Tree vigorous, spreading, very hardy in bud, often producing a crop when other varieties are winter-killed. Fruit is medium to large in size; skin a deep golden yellow blushed with bright red; flesh is firm, tender, melting and juicy. Freestone, clinging slightly when the Peach is hard ripe.

INDIAN BLOOD. (Clingstone.) Late. An old-fashioned favorite of fine flavor. Flesh is blood-red color.

MIKADO. The earliest yellow Peach of real quality and flavor. Ripens July 1st. Extra large, shaped and colored like Elberta. Very hardy in bud and a heavy producer. Brings highest prices on the market. Cling.

NEOSHO EXTRA EARLY ELBERTA. (June buds only in this variety.) The earliest of the Elbertas, ripening 3 weeks ahead of regular Elberta. A rich, golden yellow freestone of delicious flavor. A heavy bearer.

Tulsa, Oklahoma,
March 11, 1944.

Received my order of fruit trees today and can say they are the finest bunch of trees I've ever seen, and thanks for the shrubs. Last year I ordered 155 trees from you and 154 grew, and then in May the floods came and then it never rained again until late September, both of which were record breakers, but through all of this I lost only 21 trees, and was not equipped to water a single one of them. These same trees which were not able to make much growth are now loaded with buds and bloom which shows the bearing quality of your trees. Again thanking you, I remain,

Yours sincerely,
WALTER H. VOGT.

4 for	1.10	25 for	5.95

SHERIDAN. A new blue-black Grape that ripens a week after Concord. It has an even sweeter, richer flavor. Berries are very large, and vine is an unusually heavy bearer. A choice variety.

WHITE VARIETIES

DIAMOND. It is the hardiest, most productive and vigorous of the green grapes. It deserves a high place among the best for commercial and home vineyards. Blooms midseason.

NIAGARA. The most widely planted green Grape. Larger bunches and berries than Concord, as good or better quality. Productive, vigorous, adaptable. Ripens about with Concord. Blooms midseason.

PORTLAND. Earliest of varieties to ripen. Large, white fruit; spicy, luscious flavor. A very hardy, popular, money-making variety. Usually ripens a few days ahead of Fredonia. The amber-white color makes it one of the most popular varieties.

RED VARIETIES

AGAWAM. The most widely grown of the red Grapes. Large, rich, sweet, and aromatic. Ripens after Concord.

BLUE VARIETIES

CONCORD. The most widely planted Grape. Superior in hardiness, productivity and regularity in bearing, and in ability to withstand disease and insects. The leader for making Grape juice.

FREDONIA. A new Grape which experts and most growers say will soon become the leading black Grape in America. It ripens early, 10 days before Moore's Early. Berries are large, very juicy, delicious flavor. Vigorous, productive, unusually hardy.

MOORE'S EARLY. The most widely planted early commercial Grape. Ripens 2 weeks earlier than Concord. Good quality. It is best described as an early Concord. Blooms midseason.

Dark Red Jonathan

Limited Supply

DWARF APPLE TREES

Budded on true dwarf Apple understock Mall-
ing No. 9. These trees rarely grow over 10 to
15 feet tall. Bear the second or third year. Fruit
matures earlier. Excellent for the average home
grounds. Supply is limited. Order at once if you
want any of these varieties: Wealthy, Lodi, Red
Rome Beauty, Dark Red Jonathan, and Yellow
Delicious.

3-4 ft., each \$3.75; 3 for \$10.50

Blood-Red Delicious

APPLES for

New Outstanding Varieties

These varieties are considered the finest, **heavy producing** strains, and Neosho Nurseries have always been one of the leaders in the production of hardy, money-making Apple tree varieties. You buy with confidence when you buy Neosho Apple improved varieties. Plant these summer, fall and winter apples. Then you can have Apples almost the year round.

BLOOD-RED DELICIOUS. Has all of the good qualities of the common Delicious, but colors out a deeper red, and 2 to 3 weeks before the common Delicious begins to take color. This means earlier profits and bigger profits for the grower because earlier picking, earlier marketing, and more **extra fancy grade**, with little or no windfalls, and color to get the best prices.

DARK RED JONATHAN. You increase your profits when you plant Dark Red Jonathan. This is an improved strain of Jonathan, **and the most profitable Apple obtainable.** The Dark Red Jonathan attains a brilliant red color 2 weeks before ripening, and this, in turn, gains the advantage of higher market prices for the grower. Early marketing also eliminates windfalls.

DOUBLE RED STAYMAN. Everyone is familiar with the wonderful, early coloring qualities of the Red Stayman. The Neosho Dark Red Stayman is a marvelous improvement over many Stayman Apples; has more color and keeping qualities. It is the solid dark red which makes it a universal favorite.

Yellow
Delicious

GOLDEN LODI. New, Improved Transparent. Has been thoroughly tested and meets every requirement of an outstanding early Apple for quality, productiveness and profit. A large waxy Apple of clear transparent color but they handle, keep and ship better because flesh is firm and skin thick. **Twice** the size of **Transparent**, and the tree is a vigorous spreading grower. It ripens July 1st.

RUBY-RED ROME BEAUTY. Identical with the Rome Beauty except that it colors earlier and has more red color. Hence, a hardy, vigorous Apple tree, and is a popular favorite in almost every section in the Apple country.

TURLEY WINESAP. A truly fine quality Apple of a beautiful ruby-red color of the Stayman type. Absolutely does not crack. This is Indiana's greatest gift to the Apple industry and their most precious crop. You, too, will find it a profit maker.

YELLOW DELICIOUS. Popular, big, beautiful golden yellow Apple. Has a wonderful flavor, excellent quality, firm flesh, and ripens fast. Tree begins bearing at a very early age and is a vigorous grower so that a six-year-old tree can have 5 or 6 bushels of apples, and a 15-year-old tree 20 to 25 bushels. Brings highest prices and is in demand on every market.

Health and Profit

ANOKA. The Old Folks' Apple. The second year, big, full-sized crop; earliest and heaviest bearing Apple. Hardy in all climates; **never winter-kills.** Can be grown anywhere in the United States. Ripens in August but can be used a month earlier. Apples are good sized, well-formed, beautifully colored. Has proven to be one of the very best early summer Apples for all purposes.

BLACK BEN. (Winter.) The best of the Ben Davis family. It attains a much higher color than Ben Davis or Gano. The tree is hardier, more vigorous and more prolific than Ben Davis. Fruit is large, solid dark red.

CARLTON. A new summer Apple; large, round, attractive, dark red. Tender, juicy, sub-acid. Tree hardy, vigorous and productive.

DELICIOUS. (Winter.) Who is not familiar with this popular Apple? Who does not appreciate its unexcelled flavor, its beauty of form and color, its fragrant aroma? It finds a ready sale at high prices. Tree vigorous, hardy, is fruiting in nearly every state.

GRIMES GOLDEN. Is the best quality and **most profitable yellow Apple**; a rich golden color, fine flavor and aroma, an ideal dessert Apple and an equally fine cooker. You cannot go wrong on this beauty because it is a definitely profitable Apple, easy to grow, hardy and prolific bearer.

JONATHAN. (Fall.) A grand, good Apple; once tasted, always wanted. Bright solid red; aromatic flavor and juice full of snap and sparkle. Medium size; good to best quality. Bears young; good crops regularly. Fine for home and commercial planting.

KING DAVID. (Fall.) Bears heavy crops year after year. Medium size; very dark, rich garnet-red, showing almost a purplish black on the sunny side. Tree hardy vigorous grower; bears young. Often used as a filler.

RED DUCHESS. This is a strain of the Duchess. The only difference is that it colors somewhat earlier, and better, which is a big advantage for the commercial Apple grower. **Profits are larger** because of the marketing quality. Plant a few of these in your orchard this year.

ROME BEAUTY. (Winter.) Large, roundish Apple, handsomely colored, and striped with bright red; good quality. Splendid storage Apple; a splendid bearer; blooms late.

STAYMAN WINESAP. (Winter.) Largest of the Winesaps, striped and splashed bright crimson. Splendid quality. Reliable annual cropper.

SUMMER CHAMPION. A late summer or early fall Apple. Large, attractive, red, and of fine quality. Tree is hardy and a heavy bearer.

YELLOW TRANSPARENT. (Early Summer.) The best extra early Apple; medium size, a beautiful clear yellow; smooth, waxen, brilliant skin. Unexcelled for pies, tarts and apple sauce. Tree extremely hardy, upright, compact grower; often used as a filler; reliable cropper.

YORK IMPERIAL. (Winter.) Bright pin-striped with dark red; fair quality. Its oblique or lop-sided shape is a notable characteristic. A very heavy bearer. Easy to handle. Good keeper in dry storage.

WEALTHY. (Late Summer.) A most dependable and widely planted late summer Apple; bright red striped; medium to large size; ripens over a long season. Very good quality. Tree upright grower; often used as a filler; very hardy; bears young.

WILSON JUNE. (Midsummer.) A deep, solid crimson like a Red June; large, good quality. Hardy, vigorous, very productive; bears young. Most beautiful of its season; good shipper.

WINESAP. (Winter.) One of the oldest and most popular Apples; a good shipper and an exceptionally good keeper in ordinary and cold storage. Splendid bright red, and indistinctly striped with dark purplish red; good quality. Medium size. Hardy; a heavy, regular bearer.

WHETSTONE. The Missouri Fruit Experiment Station put in 40 years' time and effort crossing Jonathan and Ben Davis to develop an Apple with Jonathan quality, and Ben Davis productiveness and keeping qualities. Out of 600 crosses **this Apple is their first choice** from a profit standpoint. It fills up the barrel or basket with large, high-colored Apples that will hang on the tree to Christmas, if necessary, and keep until spring.

Turley

VIRGINIA CRABAPPLE. The finest Crabs for home use, and being a heavy producer of large pink fruit of unusual hardness makes it a profitable market Crab

HARDY VIRGINIA CRAB UNDERSTOCK

For Top Working

The Iowa State Experiment Station at Ames, Iowa, have done wonders in improving the hardiness, productivity and early bearing of Apples by top working trees onto Virginia Crab understock. Hence, we offer Virginia Crab in both 1- and 2-yr. trees. (2-yr. price same as Regular Apples.)

Scheihing Apricot

Neasha APRICOTS PLUMS—NECTARINES

SCIEHING APRICOT. (Improved Superb.) Such a delightful luscious fruit as the Apricot really should be planted more than it is, since it ripens just after the early Cherries, and before the best Peaches. Apricots will stand more winter cold than Peaches, although the bloom is more apt to be injured by spring frost. A northern or eastern slope is best so the opening of the buds will be retarded and the danger of frost damage lessened.

	Each	5 or More (Each)
2-3 ft.	\$1.00	\$0.95
3-4 ft.	1.30	1.20
4-5 ft.	1.60	1.50

ABUNDANCE PLUM. (Early.) A pink-red Plum. Medium size. Flesh is yellow, sweet, aromatic. Tree is a vigorous grower.

RED JUNE PLUM. A heavy producer. Ripens second week in July. Medium to large size, heart shaped, dark red; flesh yellow, semi-cling, meaty and firm. A good shipper and keeps well. A good all-round Plum.

PRESIDENT PLUM. The largest of all the Plums. A beautiful dark purplish black with a heavy bloom. Ripens late, 10th of September. A wonderful rich flavored freestone, solid-flesh Plum. A fine, profitable market Plum, and a splendid Plum for home use as well.

STANLEY PRUNE. Crop second year, ripens 10 days ahead of other Prunes. Beautiful purple-blue skin; sweet golden flesh. Freestone. Requires but little sugar and colors deep wine-red when canned. Retains its shape and skin; does not fade. The hardiest Prune for the Middle West.

ITALIAN PRUNE

The favorite market Prune. Size, medium to large; dark purple, good quality; blooms late. One of the most widely grown Prunes in America.

BRUCE. One of the heaviest producers. Ripens July. Perfectly hardy.

	Each	5 (Each)
2-3 ft.	\$1.00	\$0.95

4-5 ft.	1.60	1.50

Stanley Prune—
The hardiest
Prune for the
Middle West

HANSEN *Hybrids*

Hansen Hybrid Plums are dwarf growing, extra hardy trees that come into bearing the first year after planting. Fruits in great profusion.

SAPA

Bears first year. (Hansen Hybrid.) A large size purple Hansen hybrid, with purple flesh full of rich juice of fine flavor. Bears heavy crops annually and begins fruiting the first year after planting. Succeeds everywhere; ripens middle of July. Fine for canning.

Sapa Plum

Waneta

A Hansen hybrid. Exceptionally hardy, withstanding extremely hot and dry weather. Often bears second year. Color purplish red, two inches in diameter.

MUNSON. A hybrid cross with America. Earliest, ripening last of June. Large, yellow, good quality, tender, juicy, sweet. Bears young, producing large crops.

Munson

Delicious PEARS

HARDY—Easy to Grow

BARTLETT. (Late Summer.) The leading commercial variety; one of the most popular for dessert and canning. Large, clear yellow with blush on sunny side. Flesh is white, fine grained, juicy and sweet. Tree is vigorous, very productive, hardy, bears young. Here in the Ozark country Bartlett has proven one of the most popular money-making varieties.

POPULAR, HARDY, DOUGLAS PEAR. Douglas is a large, handsome Pear of Bartlett quality that ripens in early fall and comes into bearing the second or third year. Golden yellow, flushed with pink, tender, juicy, excellent flavor. Douglas is the outstanding Pear for the Central West. It is blight proof, very resistant to dry weather, and if your bloom is killed by spring frost will send out a new set of blossoms on the new wood and set a crop of fruit, so you will have Pears every year on Douglas.

KIEFFER. (Winter.) Large, yellow, russeted; flesh white, rather coarse. A market and kitchen variety that succeeds farther south where other varieties fail. Tree hardy, very vigorous, resistant to blight. Blooms early.

LINCOLN. (Summer.) Large, yellow; quality good to very good; similar to Bartlett but more resistant to blight. Succeeds farther south than Bartlett can be grown. It has stood the severest tests of intense, moist summer heat and low altitude of the climate of Lincoln, Illinois, where it was originated by W. E. Jones. Comes into early bearing and bears heavy crops annually; very hardy. Blooms midseason.

Surecrop

Nectarine

The New KOREAN BUSH CHERRY

The new quick-bearing Cherry. Easy to grow; sure to produce; highly productive; good flavor. Hardy everywhere.

Perfectly hardy ornamental shrub with white blossoms followed by rich red fruit which is fine for making jam, jelly and pie. Plant two or more for pollination.

Heavy, well branched, 2 yr., 2 for \$1.98; select size, 2 for \$1.69.

DED WEED

New sensational 2-4D Weed Killer. Will kill Dandelions, Plantain, and most weeds, without injury to grass. Easy to use. Powder form. Water soluble, 70%; Concentrate, 2-4D.

4-oz. can, enough to spray 4,000 sq. ft.,
\$1.40.

NUT TREES

Stuart Pecan

Hardest of the paper-shell varieties. Can be grown as far north as Kansas City. Nut is large, long, thin-shelled, of excellent quality. Tree is ornamental and of fairly rapid growth. A very profitable variety for commercial planting. Plant 40 ft. apart.

2-3 ft. \$2.95
3-4 ft. \$3.75

Stuart
Pecan

Thomas Black Walnut

Now you can have an improved, grafted Black Walnut, which is giant size and kernels come out in halves. Thomas is the fastest growing and produces the largest nuts. It bears very young, generally next year after planting. A mature tree will produce 15 to 40 bushels of nuts which sell from \$4.00 to \$10.00 per bushel. The nuts are immense size and crack easily. A bushel of nuts crack out 10 to 12 pounds of meats. Meats are of delicious flavor. Will grow anywhere.

2-3 ft. \$2.50
3-4 ft. \$3.25
4-5 ft. \$3.95

Thomas Walnut Seedlings

Walnut theoretically does not come true to name from seed but some of our nearby growers have been very successful in growing Thomas from seed. Many times true or almost identical to the thin-shelled, large size, single partition, grafted Thomas Walnut. We have grown several thousand of these ourselves from Thomas seed of our own selection and offer them at the following attractive prices.

2-3 ft., \$1.75 3-4 ft., \$2.50

Hazelnut

Round, sweet kernels, easily removed and delicious for many uses. Plants are ornamental with deep green foliage and compact, bushy habit of growth. Fruits freely. Plant a group of them in the corner of your yard.

2-3 ft. \$1.40 3-4 ft. \$1.75

CHERRIES

Bear Young--Easy to Grow

SOUR CHERRIES

EARLY RICHMOND. The favorite early bright red May Sour Cherry. Fruit is medium size. A good canner. Tree is medium size. Ripens about a week earlier than Montmorency.

MONTMORENCY. The most widely planted Cherry. Productive and a regular bearer. Colors early before ripe—a distinct advantage for shipping. The fruit is roundish, plump and a beautiful glowing red. It hangs in clusters, making picking easy. The fruit does not crack or rot, even in very hot weather. It hangs on without dropping after it is dead ripe. The flesh is rich, sprightly and pleasant. A good shipper and a good canner. Does not mash down in the box.

SOUR CHERRY PRICES

	Each	5 (Each)	25 (Each)
5/16 in.	\$1.30	\$1.25	\$1.20

11/16 in.	2.25	2.15	2.00

Early Richmond

SWEET CHERRIES

BLACK TARTARIAN. Most widely planted Sweet Cherry east of the Mississippi. Beautiful lustrous, purplish black when ripe. Medium size for Sweet Cherry, very good quality. The tree is a very large, vigorous, upright grower. Very productive and regular bearer. Early.

NEOSHO NAPOLEON. This is a select strain of yellow Sweet Cherry which has produced a crop seven straight years here in Neosho. Mellow, sweet flavor. A fancy dessert variety, but is also a good keeper and bearer.

LATE DUKE. A large, heart-shaped, dark red, semi-sweet variety with hardy quality that succeeds well here in the Middle West.

A Sweet Cherry planted alone is not likely to bear fruit, because it is self-sterile. Plant a Black Tartarian with any other Sweet Cherry.

SWEET CHERRY PRICES

	Each	5 (Each)	25 (Each)

Neasha's **EVERBLOOMING ROSES** Bloom First Year

HARDY - 2 Year No. 1 Field Grown ROSES — Fragrant — Gorgeous Colors

Guaranteed to Please You — We Suggest Early Spring Planting

Customers who desire extra large, heavy plants, will find Neasho SUPER X Roses, the finest to be had from any source. Big, husky, healthy plants with countless gorgeous blooms the first season.

AMI QUINARD. Petals shining crimson-velvet enriched with blackish sheen. Urn-shaped flowers.

CALEDONIA. Magnificent white with long-pointed buds.

COLUMBIA. Large, pointed buds of brilliant rose-pink; long lasting. Vigorous grower; fine long stems.

CONDESA DE SASTAGO. A beautiful two-toned coppery red inside, golden tint outside. Delicately perfumed, robust in growth. It glows with outstanding brilliance.

EDITOR McFARLAND. Clear, brilliant pink; perfectly formed; long lasting when cut. Strong stems. One of the finest pink Roses ever introduced.

EDITH NELLIE PERKINS. Long pointed buds open into perfect flowers of orange-cerise, salmon, tinged gold inside.

ETOILE DE HOLLANDE. Bright red; large, very fragrant. Perfect buds opening into a glorious red flower of incomparable fragrance. Strong grower, free branching, healthy.

K. A. VICTORIA. The best white; beautiful in bud and full flower. A free and continuous bloomer.

SUPER-X ROSES

\$1.10 each 5 for \$4.95 12 for \$10.75

GOLDEN RAPTURE. Exceedingly fine new Rose with fragrant flowers of clear golden yellow. The best of the yellows.

GOLDEN OPHELIA. Sunflower-yellow turning to lemon-yellow. Well formed, sweetly fragrant. Profuse, continuous bloomer. Low growing.

MRS. CHAS. BELL. A shell-pink Radiance; free bloomer.

POINSETTIA. This vigorous Rose, so appropriately named, brings to you the brilliance, the glowing red of the Christmas Poinsettia. Long, pointed buds; strong grower.

PRES. HOOVER. Maroon and orange two-toned; vigorous plants; free bloomer. A rainbow of colors.

RADIANCE. Cameo-pink, large, intensely fragrant. Blooms all season in all climates. One of the most popular Roses due to its extreme hardiness and freedom of bloom.

RED RADIANCE. Clear even red, large; long lasting; hardy. The same qualities as Radiance but a rich cerise-red. No Rose will excel it in growth or quantity of blooms.

ROUGE MALLERIN. Deep rich red with a velvety texture; does not fade or blue. Very fragrant and healthy grower.

SOUER THERESE. The most robust and vigorous grower of the yellows, with beautiful clear golden flowers in abundance.

American Beauty Climbing Rose, each \$1.00

Hardy CLIMBING ROSES

AMERICAN BEAUTY. A strong grower with large flowers of a very pleasing rose-pink color. Very good for cutting and blooms are exquisitely colored and unusually fragrant. One of the most popular Neosho Hardy Climbing Roses.

Super X: Each, \$1.00; 4 for \$3.75

SILVER MOON. The creamy white buds are long and pointed, and open into semi-double, white flowers with golden yellow stamens.

Super X: Each, \$1.00; 4 for \$3.75

DR. W. VAN FLEET. Has long, pointed buds of rich flesh-pink. It is a hardy climber and a splendid variety for cutting. Thrives everywhere.

Super X: Each, \$1.00; 4 for \$3.75

PAUL'S SCARLET. The most brilliant scarlet. Has semi-double flowers freely produced.

Super X: Each, \$1.00; 4 for \$3.75

Everblooming BABY ROSES

SUPER X GRADE: Each \$1.00; 4 for \$3.75.

Brilliant Blooms All Summer. Easy to Grow—Hardy.

Fine for cemetery planting, in front of evergreens, in solid beds, in fact anywhere that you want constant bloom from June until frost. They require little attention and grow anywhere. Will bloom this year and for many years to come.

ELSE POULSEN. Great clusters of apple-blossom-pink flowers. Hardy, permanent, always in bloom. Grows 24 to 30 in. tall.

LAFAYETTE. Cheerful, cherry-red flowers from spring until frost—a profuse bloomer. Grows 18 to 30 in. tall.

GOLDEN SALMON. Sparkling orange with red and salmon tones. This new Rose makes a compact bushy plant with great clusters of flowers throughout the season.

IDEAL. Brilliant garnet-red flowers all season, on a bushy, compact plant 18 to 24 inches. Rich, dark green foliage.

PERLE D'OR. Charming light pink buds shading to yellow at base. Good compact habit and profuse bloomer.

Else Poulsen Baby Rose, each \$1.00

Better Times Pat. Rose, each \$2.00

Prize Winning Patented Roses

MME. CHIANG KAI-SHEK. (Patent applied for.) A Rose so exquisite that mere words cannot describe it nor any picture do it justice. Superb pointed buds of soft yellow and as the petals gracefully unfold, the outer petals become a rich ivory, with the center a clear canary-yellow. A full, double Rose with 35 petals, freely produced on fine stems for cutting. It has a subtle fragrance that enchants you. One of the world's great Roses. An All-America Rose Selections Winner for 1944. **Each, \$2.25.**

HEART'S DESIRE. (Patent No. 501.) An All-America Winner and destined to become one of the greatest Roses of all time. The buds are absolutely perfect and they open into large, graceful, double flowers on long stems; fine for cutting. The color is a bright yet soft crimson-scarlet that does not fade. So fragrant a small bouquet perfumes a room. A healthy, hardy, vigorous grower that improves with age. **Each, \$1.75.**

DOUGLAS MacARTHUR. (Patent No. 581.) A new Rose that asks no favors and requires no coddling. Hardy, vigorous with dark green, healthy foliage, it produces its lovely flowers all through the season. The long buds open slowly into glorious flowers of cerise-gold and delicate salmon. Truly a flower of superb beauty. **Each, \$1.75.**

BLAZE. (Patent No. 10.) The everblooming Paul's Scarlet. A riot of brilliant scarlet, brightest of any Climbing Rose. Blooms in June and again in fall. **Each, \$1.75.**

COUNTESS VANDAL. (Patent No. 38.) Long, pointed orange-copper buds gracefully borne on long stems, developing into large, double high-centered blooms of brilliant pink lightened with salmon. Richly fragrant. **Each, \$1.75.**

BETTER TIMES. (Plant Patent No. 23.) Prized for length of stem, pointed buds, and all-around attractiveness as cut flowers, Better Times are the Roses you'll probably get when you buy long-stemmed red Roses from the florist this winter. This glorious cerise-red Rose, so universally used by commercial cut-flower growers, has brought happiness to millions of people everywhere. By the same token it will give you distinct joy as a grand cut flower, a hardy grower, a distinct addition to your garden today. **Each, \$2.00.**

Everblooming Climbing Roses

SUPER X GRADE: Each \$1.25; 4 for \$4.50.

Neosho HARDY HEDGES

That Beautify as they Serve

Privet Hedges are formal type which you keep pruned to desired shape and height. To make a good compact hedge, they should be planted 8 to 9 inches apart and pruned back to within 2 inches of the ground when they are set. They should be sheared several times in the early part of the growing season to form a dense, compact hedge.

Why is the 2-3 ft. grade more desirable and of greater value than 12-18 inch, if you are going to cut them back when planting? Because the 12-18 inch grade will have 2 to 3 canes. The 2-3 ft. will have 5 to 9 canes and a much heavier root system, hence will make a compact hedge the first season.

The shrubs we offer in Green and Red Barberry, Spirea Van Houttei, Spirea Thunbergi, and Tartarian Honeysuckle, are heavy, well-branched, field-grown plants which will give an immediate effect at planting time, and should not be confused with small spindling 2-year seedlings from beds such as offered by most nurseries.

CALIFORNIA PRIVET. Semi-evergreen, with thick, dark green foliage. Most beautiful of all the Privets, but north of latitude of Kansas City it is only semi-hardy. A rapid grower, can be sheared to any desired height, making a dense, compact, green wall. Plant 8 to 9 in. apart.

	Per 10	Per 25	Per 50	Per 100
12-18 in.	\$1.45	\$2.95	\$5.50	\$7.95
18-24 in.	1.75	3.50	6.50	9.95

Spirea Van Houtte makes Beautiful Hedges

Hardy FLOWERING SHRUBS

Beauty Bush, Super X, each 95c

Beauty Berry, Super X, each 75c

BARBERRY, GREEN. An ideal low shrub for foundation or border planting. Makes a low, dense, rounded shrub about 3 feet tall and wide. Will grow in sun or shade and in the fall its foliage colors a beautiful bronzy red. Bright red berries hang on all winter.

Post size, 40c Select, 50c Super X, 65c

BARBERRY, REDLEAF. Most brilliant colored shrub of all with lustrous red foliage all season and bright red berries in the fall. Plant in full sun.

Post size, 60c Select, 80c Super X, 95c

BEAUTYBUSH. One of the best flowering shrubs with graceful branches covered with delicate pink flowers in great profusion. Closely related to Weigela but possesses a greater degree of beauty and refinement.

Select, 80c Super X, 95c

BEAUTYBERRY. Graceful branches covered in August with thousands of closely set small pink flowers. These are followed in September by masses of glittering violet-blue berries in dense clusters along each branch.

Post size, 45c Select, 60c Super X, 75c

BUTTON BUSH. An excellent shrub for the border with attractive foliage and feathery, white, round ball-shaped flowers resembling round buttons. June to September. Grows 6-8 ft.

Post size, 45c Select, 60c Super X, 75c

BUSH CHERRY. Fruitful as well as ornamental with white blossoms followed by rich red fruit which is fine for jams, jellies or pies.

Select 2 yr., 2 for \$1.69 Super X, 2 for \$1.98

CREPE MYRTLE. Lovely clear flowers of soft crepe-like texture all summer long. Blooms on new wood each year. Not hardy north of Kansas City

Each, \$1.00

CALYCANTHUS (Sweet Shrub). A handsome shrub with glossy foliage and chocolate-brown flowers which have a spicy fragrance. Will grow in shade. Graced grandmother's garden and still popular.

Post size, 60c Select, 80c Super X, 95c

A few well-placed shrubs bring untold pleasure and beauty to your home. Once planted, they require little care and will bloom year after year. Plant several varieties and have bloom all season.

We offer shrubs in 3 sizes, all hardy, field-grown, first-class plants.

Parcel Post Grade: This grade is the size most Mail Order firms offer as 2-yr., field-grown.

Select Grade: Heavier select plants out of our 2- and 3-year-old blocks, well-rooted and heavier branched.

Super X Grade are for those who desire quick results and extra heavy plants. These are the largest, finest specimen plants obtainable.

ARONIA. Blooms in spring with fragrant white flowers and in the fall the plant is covered with bright red foliage and brilliant red berries. Perfectly hardy and will grow in shaded locations as well as full sun.

Post size, 45c Select, 60c Super X, 75c

ALTHEA. An upright shrub of good, compact habit, particularly suited for screens or specimens in the shrub border. They bloom from July until frost and give color when most other shrubs have finished blooming. Be sure and include some of these to give you color in late summer and fall. We offer red, pink, lavender and white.

Post size, 45c Select, 60c Super X, 75c

ALMOND, FLOWERING. One of the first shrubs to bloom in the spring, it is a profusion of double pink flowers resembling small Roses covering every twig and branch. Perfectly hardy. Grows 3-4 ft tall

Select, 75c Super X, 95c

Aronia, Super X, each 75c

Deutzia, Pride of Rochester Super X, each 75c

Crepe Myrtle, each \$1.00

Hardy Magnolia

MAGNOLIA GLAUCA

(Sweet Bay)

A beautiful hardy flowering Magnolia. Grows 15 to 20 feet high; has bluish glossy leaves, nearly white underneath. Semi-evergreen. Deliciously fragrant white cup-shaped flowers, 3 to 4 inches in diameter, in May and June. Red fruit pods follow the bloom and are most attractive.

3-4 ft., B&B	\$5.00
4-5 ft., B&B	6.50
5-6 ft., B&B	8.50

TAMARISK

A tall growing shrub with feathery green foliage and bright pink flowers in May. Can be kept pruned to any desired height.

Select, 60c Super X, 75c

Glorious

HYBRID LILACS

*Colorful
Fragrant
Hardy*

These Lilacs bloom very young, usually the next spring after planting. Ultimate height of 6-8 feet. Be sure and plant some of these and enjoy their color and fragrance every spring. Last a lifetime. One of the finest of all shrubs.

We offer them in either Blue, White, Pink or Wine.

The WEIGELAS →

WEIGELA, BRISTOL RUBY. A new Weigela which is the best in every respect. It makes a well-rounded specimen 6 to 8 feet tall with ruby-red flowers and attractive green foliage. Hardy and vigorous.
Each, \$1.35

WEIGELA, EVA RATHKE. Spreading habit of growth and dark red trumpet-shaped blooms in April and May.
Select, 80c Super X, 90c

WEIGELA, ROSEA. A broad shrub 6 to 8 feet tall with rose-pink, trumpet-shaped flowers in April and May.
Select, 80c Super X, 90c

SUN GOLD HYPERICUM

(Plant Patent No. 568.) A brilliant mound of gold all summer. Dazzling golden flowers 2 to 3 inches in diameter on a low growing shrub of glossy green foliage. Fine for foundation planting. Heavy, 2-yr., each \$2.25.

GLOBE FLOWER ↑

Brilliant double golden yellow flowers in May and June, and intermittently all summer. Bright green stems and foliage add to the brilliancy of the flowers. Plant it in the sun and its pure golden flowers will delight you the entire summer.

Select grade, \$1.25

BLUE MIST

(Caryopteris). Another charming low growing shrub and a real contribution to the meager list of summer and fall flowering shrubs. From August until frost it is covered with powdery blue-fringed flowers. Shrub grows 2 to 3 feet wide and about as tall, with silvery green foliage. Perfectly hardy. Each, \$1.25.

Hardy Flowering SHRUBS

DESMODIUM. A medium growing shrub with long graceful branches covered with large clusters of royal-purple Sweet-Pea-like flowers in early fall—very showy. Especially desirable because little else is in bloom at this time.

Select, 80c Super X, 95c

DEUTZIA, PRIDE OF ROCHESTER. A vigorous grower with double white flowers, tinged with pink in great profusion in April and May. Grows 8-10 ft. tall.

Post size, 45c Select, 60c Super X, 75c

JETBEAD. A low, somewhat arching bush with pretty foliage and attractive white flowers in May followed by shiny black berries. 4 ft.

Post size, 45c Select, 60c Super X, 75c

HONEYSUCKLE, FRAGRANT. Fragrant creamy white flowers nestled in deep green leaves adorn the nearly evergreen shrub. The glossy dark green leaves remain until almost spring. Grows 8 ft. tall.

Post size, 45c Select, 60c Super X, 75c

HONEYSUCKLE, TARTARIAN. A rapid grower with handsome foliage and rosy pink flowers followed by bright red berries. Fine for border. 8-10 ft.

Post size, 45c Select, 60c Super X, 75c

HIGH BUSH CRANBERRY. Handsome shrub of upright spreading form with dense brilliant green foliage. Single white flowers in April and May are followed by clusters of scarlet berries in late summer, hanging on until spring. Will grow in shade as well as sun. 8-10 ft.

Select, 95c Super X, \$1.25

Hydrangea, Hills of Snow, each \$1.25

LILAC, CHINESE. The most graceful of Lilacs with slender branches and lovely rosy lilac flowers in May. Will bloom next year after planting.

Post size\$0.45
Select60
Super X75

LILAC, COMMON. No other shrub has quite the place in the hearts of people as the old-fashioned Lilac. Grows anywhere and its masses of light purple bloom in early spring are a constant delight.

Select, 80c Super X, 95c

MOCK ORANGE, OLD-FASHIONED. An old favorite with single white flowers of sweet-scented fragrance. A vigorous, upright, haray shrub that grows 8-10 ft. tall.

Post size, 45c Select, 60c Super X, 75c

MOCK ORANGE, VIRGINAL. The double flowering variety that has become so popular. Large, double white flowers in profusion, exquisitely fragrant. Grows 6-8 ft. tall.

Each, \$1.25

MOCK ORANGE, WHITE BOUQUET. The most profuse bloomer. The twiggy branching plant is completely covered with pure white flowers in spring.

Select, 80c Super X, 95c

HONEYSUCKLE ZABELLI. A new variety with rosy red flowers, followed by bright red berries. One of the hardiest shrubs with good, compact, bush habit of growth.

Choice Iris Beautiful as Orchids

BLUE TRIUMPH. 42 in. The finest light soft blue with flaring falls. As near perfection as any Iris to date.

Each, 50c 3 for \$1.35

CALIFORNIA GOLD. 36 in. We consider this the finest deep yellow Iris created to date. It is simply superb, having a brilliance and purity of color and perfection of form not approached by any other deep yellow Iris. Flowers are large and very freely produced.

Each, 50c 3 for \$1.35

CHEERIO. The best brilliant Iris, the falls being rich glowing satin ruby-red with a vivid orange beard. Standards are soft rose flushed yellow. Perfect in every way and a prodigious bloomer.

Each, 50c 3 for \$1.35

EL CAPITAN. A giant Iris with flowers of mammoth size. Handsome manganese-violet coloring, medium blue in effect. Sold recently at \$10.00 per plant.

Each 60c 3 for \$1.65

CRYSTAL BEAUTY. A Sass Iris of gorgeous, pure, clear snow-white. Flowers perfect shape and freely produced.

Each, 40c 3 for \$1.00

PINK SATIN. A Sass creation of large, lovely, soft pink or lilac-mauve.

Each, 45c 3 for \$1.25

JEAN CAYEUX IRIS. Winner of Dykes Memorial Award; certainly one of the most beautiful Iris grown. Novel, superb coloring of light Havana-brown with a luster of golden tan. Flowers freely over a long period.

Each, 60c 3 for \$1.65

WABASH IRIS. One of the most beautiful of all Iris, with large flowers; standards a clear ruffled white and falls of rich violet with a distinct white border. Be one of the first to have this variety

Each, \$1.25

DWARF IRIS

Fine for rock garden, front of border, etc. Grow about 6 inches high and bloom real early. Colors purple and yellow.

Shade and Flowering Trees for

American Elm

AMERICAN ELM. A majestic and graceful tree, at home anywhere from the Rockies to the Atlantic. A grand old tree.

5-6 ft. \$1.25	8-10 ft. \$1.95
6-8 ft. 1.50	10-12 ft. 2.95

ELM, CHINESE. The fastest growing shade tree, small leaves, hardy.

5-6 ft. \$1.00	8-10 ft. \$2.00
6-8 ft. 1.25	10-12 ft. 2.95

NEOSHO BROADLEAF CHINESE ELM.

The fastest growing tree in America Hardy, drought resistant, beautiful. A sport of Chinese Elm discovered in our nursery row and from which we have propagated the past 8 years. Its leaves are large and dark green. The bark is smooth and branches are straight and strong. Will stand high wind, dry summers and cold winters, and still grow from 8 to 14 feet in one year. The demand for this tree is so great we have never been able to build up a surplus stock, so if you want some of these beautiful, permanent, quick growing trees, you'd better place your order at once as our supply is limited. We offer them in the following sizes:

5-6 ft. \$1.50	8-10 ft. \$2.95
6-8 ft. 1.95	10-12 ft. 3.95

MAPLE, SILVER. Quick growing and graceful with deeply cut dark green foliage, silvery white beneath. Foliage colors a golden yellow in fall.

5-6 ft. \$1.35	8-10 ft. \$2.50
6-8 ft. 1.75	10-12 ft. 3.50

MAPLE, SUGAR. One of the best street and park trees. Dense, upright grower, with brilliant colored foliage in the fall. Does well in most any location.

5-6 ft. \$2.00	8-10 ft. \$3.95
6-8 ft. 2.50	10-12 ft. 5.50

MAPLE, NORWAY. One of the best trees for street and park, with dense upright growth and brilliant colored foliage in the fall. Will do well in most any location.

5-6 ft. \$2.00	8-10 ft. \$3.95
6-8 ft. 2.50	10-12 ft. 5.50

PIN OAK. The finest of all Oaks, the most rapid grower—symmetrical, pyramidal form to 80 feet. Rich, dark glossy green foliage is deeply cut and colors a beautiful coppery red in the fall. Sturdy and rugged—free from insects or diseases.

5-6 ft. \$1.75	8-10 ft. \$3.95
6-8 ft. 2.75	10-12 ft. 5.50

SYCAMORE. For a rapid growing tree of permanence it is hard to beat. Stately and tall with broad, coarse foliage which resists smoke, dust and ravages of insects.

6-8 ft. \$1.95	8-10 ft. \$2.75
	10-12 ft. \$3.75

LOMBARDY POPLAR. Tall, slender trees of rapid growth. Dark green leaves.

	Each	5 for
3-4 ft.	\$0.45	\$2.00
5-6 ft.70	3.25
6-8 ft.85	4.00
8-10 ft.	1.25	5.50

WHITE ASH. A good all-purpose shade tree. Free from insects and diseases. Hardy.

5-6 ft. \$1.35	6-8 ft. \$1.75
	8-10 ft. \$2.50

WEeping WILLOW. Beautiful, graceful, lacy tree with long, drooping branches, densely covered with fresh green leaves. A rapid grower. We have either the green-barked or golden barked varieties. State preference when ordering.

5-6 ft. \$1.35	6-8 ft. \$2.00

Beauty and Comfort

PERMANENT WAVE WILLOW. Something new. The tree with a "permanent wave"—branches and leaves are curled, waved and twisted. A startling novelty. It grows upright and weeps a little with the weight of the leaves, making a perfectly lovely, graceful tree.

5-6 ft. \$1.25 6-8 ft. \$1.75
8-10 ft. \$2.25

PUSSY WILLOW. This tree produces in early spring showy catkins that are very ornamental. Best grown in bush form. Makes an ideal background for rock gardens.

4-5 ft., \$1.25

FLOWERING CRABS

Flowering Crabs are the most profuse bloomers of any hardy flowering trees. They are extremely hardy and will thrive in most any position or exposure. We list the two most popular varieties.

BECHTEL'S. A double form of the Wild Crab. In the spring is covered with double pink blossoms exactly like small Roses. They have a delicate violet scent. A dwarf, compact grower which makes a fine lawn specimen.

2-3 ft., \$1.35

HOPA. Beautiful in bloom, in foliage, in fruit. Flower buds are bright red, opening into fragrant bright pink flowers. Foliage is maroon and from mid-summer clusters of small red Crab Apples gleam brightly along the branches. Hardy—easy to grow.

3-4 ft., \$1.50 4-5 ft., \$1.95

WHITE FLOWERING DOGWOOD. One of our most handsome native trees. In the spring its large white flowers are spectacularly beautiful; in the autumn its glittering red berries are ornamental to the highest degree. Foliage turns pink, salmon, scarlet, and maroon in the fall.

2-3 ft., \$1.25 3-4 ft., \$1.75

FLOWERING PEACH. A small tree with beautiful, double red flowers in spring.

2-3 ft., \$1.00 3-4 ft., \$1.50

MIMOSA. (Silk Tree.) A low flat-headed tree with Acacia-like foliage and feathery, fragrant pink blossoms in summer. Will grow in practically all types of soil. Not hardy north of Kansas City, Missouri.

2-3 ft. \$1.25 3-4 ft. \$1.60
4-5 ft. \$1.95

RED LEAF PLUM. A dwarf tree of compact shape and habit with deep rich blood-red leaves, become darker as the season advances. Covered with small pink blossoms in early spring. Makes a striking accent in the yard.

2-3 ft. \$1.35 3-4 ft. \$1.75

REDBUD. A slender graceful tree which is covered in early spring before the leaves appear with clusters of purplish pink pea blossoms which makes the tree appear as a small pink cloud.

3-4 ft. \$1.35 4-5 ft. \$1.75
5-6 ft. \$2.25

CHINESE REDBUD. An improved dwarf form of Red Bud with larger and deeper colored blossoms. Quite scarce. Not over three to any one customer.

18-24 in., \$1.75

WHITE BIRCH. A graceful tree 30-40 feet high with white bark, slender branches, small dark green leaves. One of the loveliest trees for any lawn.

3-4 ft. \$1.95 4-5 ft. \$2.45
5-6 ft. \$2.95

SWEET GUM. A beautiful native tree. Shiny star-shaped leaves that color brilliantly in the fall. Exceedingly ornamental, free from pests and diseases. Pyramidal habit. Excellent for homes and street planting.

5-6 ft., \$2.50

White Dogwood

Redbud

8 Sturdy Vines, \$1.98
(Reg. Value, \$3.25)

Althea

Fine for specimen or border. Bloom from July to September. Grow 8 to 12 feet tall. Be sure and include some of these for late summer bloom. We offer red, pink, lavender and white.

Post size, 45c; Select, 60c; Super X, 75c.

Colors: Red, Pink, Lavender, and White.

Red Rhubarb MacDonald

The best large, red Rhubarb with stalks of giant size; tender and sweet, requiring less sugar. Stays tender far into the summer. Can be grown only from divisions, which makes it cost more, but you get the genuine red, giant size, heavy producing strain.

Large divisions: each 75c; 3 for \$1.95

Victoria Rhubarb

A giant red-stalked variety; early, tender, with mild, acid flavor.
